## Statement of Safety Policy

It is the policy of the Company to:

- Ensure the health, safety and welfare of everyone engaged in or affected by its activities. The need to eliminate hazards before health is damaged and accidents occur is a matter of paramount importance.
- The responsibility for the carrying out of this policy is shared between the Company, its employees, and others with whom the Company carries out business.
- The Managing Director holds ultimate responsibility for ensuring that work is carried out safely and in compliance with the relevant legislation. The management team has an unwavering commitment to the creation and maintenance of safe and healthy conditions in our offices and on our sites.
- It is the responsibility of management to adopt a positive approach to accident prevention and provide, so far as is reasonably practicable, high standards of safety, health and welfare, which will make its operations, work places and sites, as efficient productive as possible.
- In addition, all employees must be aware that they have both a moral and a legal duty, not only to work in a safe manner, but to co-operate in creating a safe working environment.
- The Company will involve all personnel in achieving meaningful and workable safety procedures.
- To maintain the Company's good safety record, the detailed safety policy is clearly communicated to our workforce who are trained and supervised in matters of good, safe working practice.
